- Parking, road & sidewalk closure assistance, free parking for most vehicles/equipment
- Hotel rate assistance in New Iberia; coordinating the best possible rates
- Location, hospitality, labor, and equipment assistance
- Free or reduced use of City locations
- Special ordinance and regulation allowances from the Mayor for film production
- Other assistance available based on needs

Production Planning Meeting:

To maximize the opportunities for us to assist, the production company should schedule a meeting two to three weeks before commencement of principal photography, wherein we will discuss the production's needs so that we may identify the items, locations, and assets desired by production, to maximize the value of shooting in New Iberia.

Following our initial meeting, you will have the necessary information needed to submit a film permit and start work, including contacts with agencies you will need.

Additional Assistance:

Every project is special and requires personal attention and sometimes, additional help. Let us know what you need and we'll do our best to help you make your movie here in New Iberia.
